Core Specification Deprecation and Withdrawal Policy

Deprecation:

- The minimum deprecation date of a version of the Bluetooth Core Specification is ten years from the date of adoption.

- Thirty-six months prior to the estimated deprecation date, the Bluetooth Board of Directors will review the planned deprecation date and either confirm it or set a later date.

Withdrawal:

- The minimum withdrawal date of a version of the Bluetooth Core specification is five years from the date of deprecation.
